

## DORISA

mirror light, LED, 4000K, long, chrome, IP44

The DORISA mirror luminaire is equipped with modern LED technology. The narrow, longish head of the luminaire is mounted to the mirror or cabinet using an arm. The clamping range is between 3 and 6mm, making individual lighting of your bathroom possible. Gentle lighting with heat radiation that is barely detectable due to having built-in LEDs. The luminaire is available in two housing colours. Because of the LED constant current driver, the electrical connection is made directly to a 230V mains power supply. The luminaire contains built-in LED lamps.
