

SITRA Up/Down WL

LED Outdoor surface-mounted wall light, anthracite, IP44, 3000K

The twin-headed SITRA wall light consists of aluminium and glass, which covers the LED light source. Thanks to the position of the two built-in warm-white LEDs, the mounted luminaire produces two equal, but opposite, cones of light (UP/DOWN). It is suitable for use outdoors thanks to its IP44 protection class. The electrical connection of the luminaire, which comes in two colours, is made directly to the 230V mains supply. The SITRA series also contains single-headed wall lights and can therefore be used universally.
