

LIPSY 30 VALETO® CW

LED Indoor surface-mounted wall and ceiling light, white, 14W

With their timeless and discreet design, the wall and ceiling lights in the LIPSY VALETO® series are a popular lighting solution for a wide range of applications. The steel and acrylic glass luminaires come in a variety of housing sizes. The wide beam characteristic creates homogeneous lighting in combination with the powerful LED module. The built-in driver makes direct connection to a 230V mains voltage supply possible. The luminaire is already equipped with SLV VALETO® components and can therefore be installed in existing systems.
