

WORKLIGHT PLUS

Indoor LED floor, stand, 3000K, anthracite

As a consistent further development of our WORKLIGHT series, you get a mobile workplace light for workstations (UGR ≤ 19) that is equipped with state-of-the-art technology and powerful LEDs with a service life of up to 50,000 hours with the PLUS version. The energy saving potential is optimized due to being equipped with intelligent light control. Thanks to the integrated presence control, the light switches on and off automatically depending on movement, and the lumen output is controlled by the daylight sensor. This ensures that there is a consistent light level at the workplace. Another highlight is the capability of setting the background level (lumen output of 10% - 70%), which also increases convenience. The combination of direct and indirect light output provides widespread and homogeneous illumination. The WORKLIGHT family is a product family, and is also available as a pendant.

TECHNICAL DATA

Item no.	1002848
Number of different light outlets	2
IP Code	IP 20
Impact resistance class	IK 03
Impact resistance	0.35 Joule
Assembly	Mobile
Dimmable	Yes
Dimming technology	Switch Dimmable
Primary nominal voltage	220-240V ~50/60Hz
Secondary power / voltage	226 mA
Safety class	I
Wattage	48 W
Ambient temperature	40 °C
Level of inrush current	25 A
Duration of inrush current	280 μ s
Lumen	5400 lm
Colour temperature	3000 Kelvin
Beam angle	110 °
Color	anthracite
CRI	80
UGR \leq	19
LXXBXX data	L70B50

Light Source

775799		Service life	50000 h
		Risk Group	1
		Length	70 cm
		Width	26 cm
		Height	187 cm
		Net weight	16.393 kg
		Gross weight	18.514 kg
