

FENDA BOW BASIS E27

Indoor floor stand black

With the FENDA BOW BASIS, the iconic bow floor stand becomes a new edition with a fresh design. Thanks to the chrome-coloured bow arm anchored in a solid base plate, the luminaire bridges the one meter distance from the base to the shade. The base allows it to be combined with various shades from the FENDA series. To ensure the best illumination, the bow arm can itself be rotated by 180°. Fitted with an E27 socket, the FENDA BOW BASIS is suitable for the use of LED and energy-saving lamps. The electrical connection is made directly to the 230V mains power supply thanks to the European flat plug. There is also a foot switch in the connection lead.
