

L-LINE OUT WL

Outdoor LED wall-mounted light anthracite CCT switch 3000/4000K

With its linear light variety, the L-LINE OUT family lights the way outdoors. Despite their individual differences, the individual members speak a common language of form, encapsulated in the clean lines of the letter "L". As far as lighting technology is concerned, there are no compromises: the CCT switch for easy selection of light colour temperature (3000 or 4000K) prior to installation), the straightforward installation process, and a protection rating of IP 65 are just some of the features that make the L-LINE OUT surface-mounted wall light a winner.
