

NUMINOS® XS

48V spot, round, 4000K, 8.7W, DALI 2, 40°, matt white

High-quality minimalism across the board: the compact NUMINOS® spotlights provide elegant yet effective illumination with a 48V track system. They also perfectly complement the most discerning room designs with their clear, cylindrical shape. The brightness, light colour (2700-K/3000K/4000K) and half-peak divergence (20°/ 40°/55°) of these DALI-compatible spotlights can be adjusted as desired. The aluminium housing is available in black, white and chrome. A CRI value over 90 ensures natural colour reproduction. The adjustable and pivoting spotlights are quick and easy to install thanks to the track adapter.
