

Set consisting of 12x 1007095 UNIVERSAL DOWNLIGHT PHASE IP65 38° and 1007096 UNIVERSAL DOWNLIGHT cover IP65 white

The UNIVERSAL DOWNLIGHT Multipack contains 12 of the UNIVERSAL DOWNLIGHT PHASE recessed lights with matching covers in white. An all-round carefree package that makes planning even easier with our UNIVERSAL DOWNLIGHT. Due to its narrow beam angle of 38 degrees, the recessed light provides a targeted beam of light. The IP65 protection rating also protects it from water jets. The CCT switch allows the color temperature to be selected before installation (2700/3000/4000/6000K), giving you maximum flexibility on the construction site. The choice of total wattage - 5W or 8W - is just as easy. True-to-life colour reproduction is guaranteed thanks to CRI90. The corresponding Quick Connector Box rounds off the overall picture and makes installation of these recessed lights easier than ever.
