

KAMI

ceiling-mounted light, double, 2x max. 10W, GU10, white/gold

While the members of the KAMi family combine their modern, minimalist design, their characters remain quite different: the new twin-lamp ceiling-mounted light emits a high-quality light that can be adjusted as required. The extremely narrow spotlight with a diameter of 5.5 cm is available in black or white with gold, white and black inner rings. The housing can also be removed which makes it easy to replace the GU10 (QPAR 51) luminaire.
