

MODELA

wall light, up/down, 2700K, PHASE, black

The unusually styled MODELA up/down wall light brings the interior design trend for organic shapes into your exterior space. The IP65-certified outdoor lights are available in white, black or with gold accents. The softly curved design creates a sharply defined cone of light that provides warm white (2700 K) and dimmable accents. Ideal for illuminating facades in an elegant, atmospheric and long-lasting way (L80, 50,000h).
