

Intrack power adapter

48V TRACK, 100W, incl. DALI through-wiring, white

Maximum minimalism and simple elegance: with an output of up to 100 watts, the LED driver is designed for flexible use in the 48V TRACK mounting tracks. Thanks to the four-wire 220V-240V / DALI through-wiring, controllable lighting concepts with particularly small tracks and spot-lights are easy to realise.
