

ABRIDOR

wall-mounted light, HYBRID, 2200/2700K, max. 6.8W, matt anthracite

The ABRIDOR Outdoor Hybrid lighting family offers a versatile and energy-efficient solution with automatic switching between solar and mains power: in sunny regions, the light can be operated all year round using only solar energy, while in less sunny areas it can also be connected to 230V mains power. This means that the light with the solar panel also works completely without a power connection, with the batteries being charged via the panel. It is certified to IP65, resistant to sea air and equipped with a T-connector. Three modes ensure optimum and energy-efficient operation.

Tekniske data

Item no.	1008542
IP klasse	IP65
IK Vandalklasse	IK07
Slagfasthed	2 Joule
Montering	Surface
Monterings detaljer	Wall
Antal lamper ved videresløjfning	80
Primær spænding	100-240V ~50/60Hz
Sekundær strøm / spænding	380mA
IP Tæthedsgard	I
Watt	6.8 W
Min omgivelsestemperatur	-25 °C
Max omgivelsestemperatur	45 °C
Lumen	600/650 lm
Farvetemperatur	2200/2700 Kelvin
Farve	matt anthracite
CRI	80
LXXBXX-data	L80B50
Bredde	19.6 cm
Højde	16.8 cm
Dybde	17.2 cm
Nettovægt	1.68 kg

Lyskilde

		Bruttovægt	3.5 kg
