

OCULUS

pendant light, pendant length 250cm, 2000-3000K, 100°, dim-to-warm, PHASE, dark copper

With a high colour rendering index (CRI>90) and the option of dim-to-warm dimming for an especially warm light, every member of the OCULUS family can conjure up a unique lighting mood. The special lens optics provide a sharply contoured lighting effect, making this light perfect for accent lighting in sophisticated homes, medical practices, law firms, cafés, hotels and restaurants. By using the included frosted shade, the light can also be adjusted to provide diffuse light distribution rather than sharply contoured lighting. In addition to the classic black and white versions, all OCULUS lights are also available in three other elegant colours. The high-quality PVD coating ensures outstanding surface properties.
