

RETRO CON 4P006 | CONNECTOR 4-PLUG EM

RETRO, CON 4P006 CONNECTOR 4-PLUG EM

The RETRO LED trunking system is specifically designed for the tool-less and time-saving upgrade of existing T8 and T5 fluorescent lamps. The selection of 4- and 6-pole connectors enables compatibility with standard mounting rails from well-known manufacturers. They ensure a secure, fast connection and support efficient installation when refurbishing existing continuous rooflight systems.
