

RETRO CON 6P103 | CONNECTOR 6-PLUG EM

RETRO, CON 6P103 CONNECTOR 6-PLUG EM

The RETRO LED trunking system is specifically designed for the tool-less and time-saving upgrade of existing T8 and T5 fluorescent lamps. The selection of 4- and 6-pole connectors enables compatibility with standard mounting rails from well-known manufacturers. They ensure a secure, fast connection and support efficient installation when refurbishing existing continuous rooflight systems.
