

LEDSTRIP COB | S

LED STRIP COB, S, 2700 K, L: 500 cm, 6750 lm

The LED strip is designed for indoor use and is particularly suitable for linear lighting applications. With a length of 500 cm and a width of 0.8 cm, it offers a flexible and space-saving solution for integration into furniture, shelves, or architectural details. The LED strip produces a luminous flux of 6750 lumens and has a declared lifespan of 50,000 hours. The slim housing measures only 0.19 cm in height and features an IP20 protection rating, which provides protection against contact and solid foreign objects but does not offer any water resistance. Installation is typically carried out by mounting on suitable surfaces. The LEDSTRIP product line represents a standardised design with COB technology, ensuring uniform light distribution.
