

LEDSTRIP COB RGBW | S

LED STRIP COB RGBW, S, IP20, L: 500 cm, 2200/3500 lm

The LED strip COB RGBW is a flexible lighting element designed for indoor use. With a length of 500 cm and a width of 1.2 cm, this LED strip is particularly suitable for linear light accents and decorative applications. It offers a variable luminous flux from 2200 to 3500 lumens and enables the reproduction of RGBW colours for versatile lighting design. The housing is made of plastic and complies with protection class IP20, providing protection against contact but is not suitable for damp rooms. The flat design with a height of 0.19 cm facilitates integration into various installation situations. The declared service life is 50,000 hours, ensuring long-lasting use.
