

LEDSTRIP COB TW | S

LED STRIP COB TW, S, IP20, 2700 K / 6500 K, L: 500 cm, 4000/4500 lm

The LED strip is designed for flexible indoor lighting and is particularly suitable for applications where a variable light colour from warm white to daylight white is desired. With a length of 500 cm and a width of 1 cm, the strip can be easily installed and adjusted. The luminous flux ranges from 4000 to 4500 lumens, providing bright and even illumination. The housing is slim and flat, with a protection rating of IP20, making it suitable for use in dry, dust-free environments. The LED technology ensures a long service life of up to 50,000 hours. This LED strip is ideal for installation in furniture, shelves, or as accent lighting in living and working areas.
