

LEDSTRIP PROFILE SURFACE | M

LED STRIP PROFILE SURFACE-MOUNTED, black

The surface-mounted profile made of aluminium with a polycarbonate cover is designed for the installation of LED strips. It is suitable for indoor use to securely and aesthetically mount LED light sources on walls or ceilings. With a length of 200 cm, a width of 2.3 cm, and a height of 2.15 cm, the profile offers a compact design. The combination of a robust aluminium housing and a transparent polycarbonate cover protects the LED strips and ensures even light distribution. The profile is part of the LEDSTRIP PROFILE product line and allows for simple and secure mounting of LED lighting.
