

NEW TRIA DLMI

recessed fitting, LED, 4000K, square, white, 60°, tiltable, incl. clip springs

The NEW TRIA DLMI recessed fitting is a combination of white or silver-grey aluminium housing and most efficient LED technology from Philips. With a low consumption and its either warm or pure white LED light colour, both the round and square covers are ideal for the exchange of high-intensity halogen or incandescent lamps and the DLMI module itself is interchangeable. Thanks to the modular-incorporated LED driver, the NEW TRIA DLMI recessed fitting is ready for direct connection to 230V mains supply. This luminaire contains built-in LED lamps.
