

NAPIA TWIN

wall light, double-headed, LED, 3000K, brushed aluminium, L/W/H 200/8.6/13 cm, incl. LED driver and switch

The NAPIA TWIN wall profile luminaire consists of an LED cornice that gives off atmospheric, indirect lighting. In addition, the NAPIA TWIN has two separately switchable LED spots which, thanks to their tilt range, can be adjusted to the desired position. With a 32° beam angle, the spots provide an ideal focussed reading light. Thanks to the pre-installed LED driver, the NAPIA TWIN is suitable for direct connection to the 230V mains supply.
